Program Purpose: This is a basic skills course to focus on fabrication of common static upper extremity splints across the clinical rehabilitation continuum. This course is designed for the clinician who does not splint routinely in practice, but identifies the need periodically to fabricate a static splint.

Target Audience: Occupational Therapists, Physical Therapists, Certified Occupational Therapy Assistants and Physical Therapy Assistants

Program Objectives:

At the conclusion of this program, the participant should be able to:

- Identify, describe and explain conditions in which splinting would be an appropriate intervention.
- Demonstrate an understanding of factors to consider prior to initiating splint fabrication including MD order, protocols, precautions, materials and rational.
- Fabricate 5 different static splints (resting hand, wrist cock-up, thumb spica, ulnar gutter, and short opponens).

Program Instructors:

Jennifer McKay, OTR/L, is a Therapy Supervisor at Roger C. Peace Rehabilitation Hospital at the Greenville Health System in Greenville, South Carolina. Kisa Mason, OTR/L, is an Occupational Therapist at Skyline Medical Center in Nashville, Tennessee.

Program Fee:
- $50 for Upstate AHEC Members
- $150 for Non-Members

To Register:
Visit www.upstateahec.org
For registration issues, please call 864.349.1160

Registration deadline is September 10, 2017 so materials can be ordered. Due to lab fabrication, there are a limited number of spots available.
Basic Splinting Principles

September 30, 2017 // 8:15 am - 4:45 pm // Check in @ 8:00 am
Training Room // Upstate AHEC // 104 South Venture Drive, Greenville, SC
